

# Deep Creek Lake Lions Club Park and Meshach Browning Trail System Map

The Deep Creek Lake Lions Club manages the county-owned community park on Bumble Bee Rd. Facilities include a fenced dog run area, ballfield, picnic pavilion, art installation and restrooms. Further projects in the southern area of the park are in development. Adjacent to the park, the club has developed the Meshach Browning Trail System, a non-motorized trail network providing a low to mid-level intensity experience with a mix of wide and single-track widths. An interpretive exhibit at the trailhead provides information on the life and times of Meshach Browning, an early settler of Garrett County.

**Airport  
(no entry from trails)**

### Trail Notes:

The Blue (0.57 mi) , Green (0.63 mi) and Yellow (0.19 mi) Trails are wide, mostly in open area and cover little elevation change. The Red Trail (1.56 mi) has some single track sections, traverses wooded areas, with more elevation change and two very small stream crossings. The Orange Trail (1.58 mi) has large sections of single track, one larger stream crossing and the most elevation change of the system. The southern part of the Purple Trail (1.05 mi) cuts through a laurel thicket, while the northern section follows Meshach Run and provides a less steep climb than the Orange Trail. The White Trails provide shortcuts for the Red, Orange and Purple Trails. Traversing the full trail perimeter is about 3.6 miles total.

### Trails

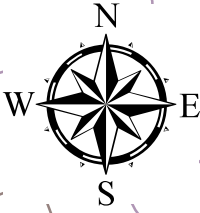

- Road
- Mary's Path
- ▲▲▲▲▲ Glade View
- ■ ■ ■ Gunner's Run
- ◆◆◆◆◆ Bear Scat
- ××××× Creek Track
- ★ ★ ★ ★ Panther Prowl
